camos donates to social and sustainable projects

Stuttgart, 25 January 2021 - camos Software und Beratung GmbH makes donations to four international humanitarian and medical organisations.

The company is supporting **Doctors without Borders**, who has made it their mission to improve health care in crisis areas. Another donation is going to **Friends-4-Friends** who, through their “Home of Good Hope” project, have not only created a place for children in Namibia to have a warm meal, but also a place for them to feel at home. They are also supporting **Terre des hommes** financially. The organisation works worldwide for children in need and their rights. The fourth donation is going to **Naretoi**, an association that supports the Maasai community in East Africa.

Simon Märkle, Managing Director at camos, is pleased the company was able to support four institutions again this year: “We make sure that our donations are used sustainably and efficiently. That’s why we also attach great importance to having personal contact, especially with the smaller organisations. We chose the four organisations with great care and have been supporting them for years.”
